Welcome to My Cloud Journey!

I'm an aspiring Cloud/DevOps Engineer with a strong foundation in AWS Cloud, automation, and frontend development. Currently pursuing a degree in Computer Science and certified as an AWS Certified Cloud Practitioner, I enjoy building reliable, scalable solutions using modern cloud services and DevOps tools. complete control over the LaTeX code.

Quick Guide

- Enthusiastic about solving real-world problems with cloud-based solutions.
- Proficient in AWS core services like EC2, S3, RDS, IAM, CloudWatch
- Hands-on experience with CI/CD pipelines, infrastructure as code (IaC)

Education

- Btech Vishwakarma University**, Computer Science Engineering Sept 2023 – May 2026
- GPA: 7.9/10.0
 - **Coursework:** Computer Architecture, Comparison of Learning Algorithms, Computational Theory
- Btech Government Polytechnic Nagpur** Information Technology Sept 2020 – May 2023
- Percentage : 83
 - **Coursework:** Computer Networks, Operating System , Computational Theory

Projects

- AWS-Based Hospital Management System**
- Deployed the frontend on AWS S3 and configured it for static hosting
 - Backend hosted on EC2 with secure role-based access using IAM
 - Used RDS MySQL for storing patient/doctor records with automated backups
- Serverless Portfolio Website**
- Built a fully serverless personal portfolio using AWS services
 - Lambda functions served dynamic content via API Gateway
 - Deployed the frontend to S3 and mapped it to a custom domain via Route 53

Certifications

- Fundamentals of Computer Network Security Specialization**
[Certificate](#) 
- IT Fundamentals for Cybersecurity Specialization**
[Certificate](#) 

Technologies

- Languages:** C++, C, Java, Objective-C, C#, SQL, JavaScript
- Technologies:** Microsoft SQL Server, AWS
